

ADMINISTRATION

Advisory Committee of Teachers

The superintendent may form an advisory committee of teachers to discuss with him concerns about the school division, to seek solutions to school-related problems, and to offer advice on education issues. The superintendent and the committee will establish its schedule of meetings.

The committee shall include one representative from each school having a student population of less than 1500 and two representatives from each school having a student population of 1500 or more. The faculty of each school shall annually elect representatives. Representatives shall solicit the input of their respective faculties and shall report to them regularly the matters discussed by the advisory committee.

Approved by the Superintendent:	April 15, 1987
Revised by the Superintendent:	January 22, 1999
